PER FRONTH

Kulturfestivalen Peer Gynt
Galleri Låven | Gålå

Per versus Peer

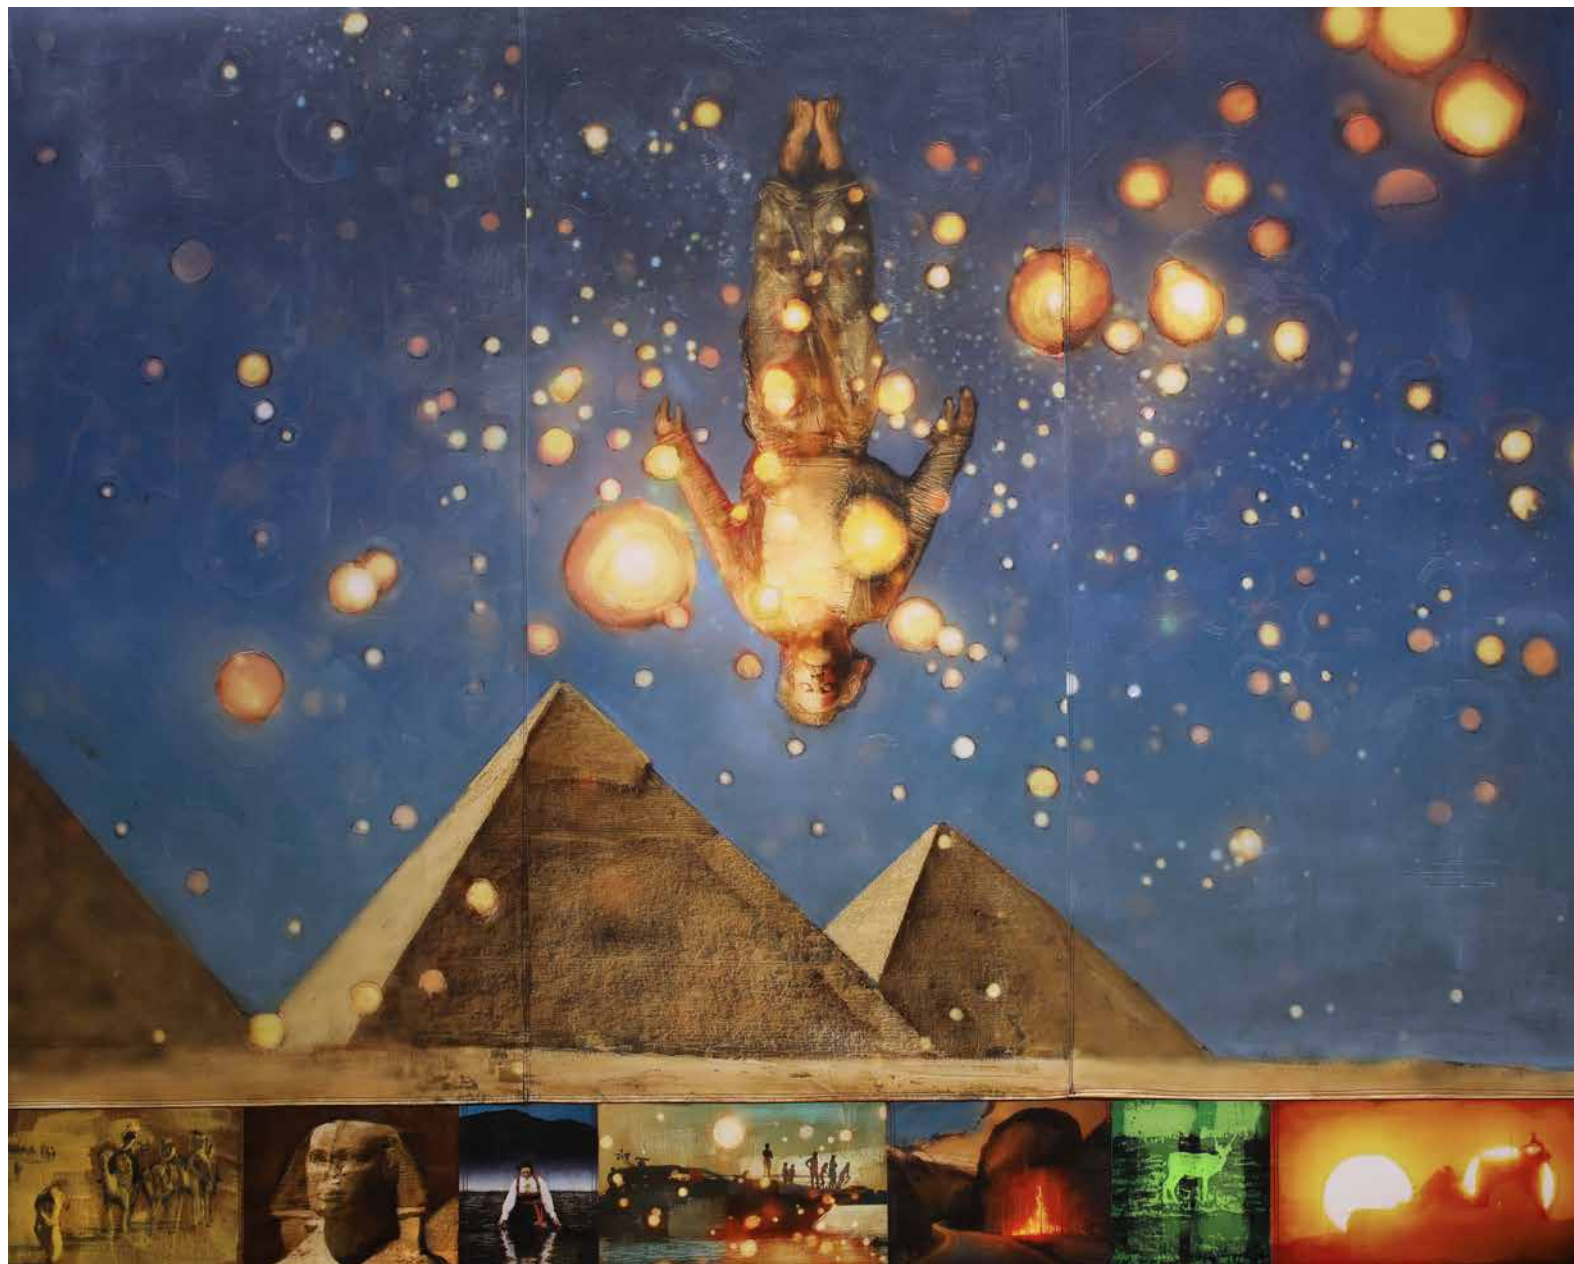

Per Fronth, årets festivalkunstner på Peer Gynt-spelet på Gåla, har reist ut på eventyr og jaktet på Ibsens nasjonalkarakter i eksotiske Egypt. Nå presenteres helt nye arbeider inspirert av det Gyntske mørkesinn i lysspillet mellom det onde og det selvgode, i byen hvor Gynt selv mistet forstanden.

Per Fronth fant aldri Peer Gynt, hverken ved Sfinksen og Pyramidene ved Nilen, derimot, den iskalde følelsen av å sitte bom fast i tunnelen ned til et mørkt gravkammer 20 meter under pyramidene i Giza.

“Peer Gynt, denne uregjerlige halv-pedofile skrytepaven av en egosentriker og narcissist, er en slags nasjonalhelt i vårt lille land, og verden forøvrig, en profet som mister forstanden, våpenhandleren som til slutt får skytset mot seg selv.”

- Per Fronth

Per Fronth er en av Norges mest profilerte og anerkjente kunstnere. Han arbeider i spenningsfeltet mellom fotografi og maleri, og verkene er ofte seriebasert med fokus for historiefortelling som omhandler den menneskelige natur.
